About Us

A successful name of the industry since last 30 years, VED Engineering has been catering to the needs of dairy, food processing, pharmaceutical, cosmetics, chemical and other industries. The company stands among the prime Exporters, Manufacturers and Suppliers of Food Processing Machinery.

We have developed 2 high technology and massive infrastructural facilities that are divided into various units for smooth activities. Our manufacturing units are loaded with high technology machines and tools to develop a flawless array ensuring maximum output. Our spacious warehouse along with logistic facility helps avoiding hassle, any delay and inconvenience during transportation of the products in bulk. Our business activities are managed by an experienced team of engineers, technicians and other allied workers. Every team member ensures streamlined production of the range of Food Processing Machinery in varied specifications and dimensions that can be customized as per the needs of the clients. Our proficiency and competitiveness to face every challenge and offer innovative solutions have assisted us earning the trust of huge clientele.

We, VED Engineering have been providing fully automatic range of Food Processing Machinery, Plate Heat Exchangers, Stainless Steel Centrifugal Pump, Cup Filling Machines, and so on. Being a leading exporter, manufacturer and supplier, we have been using high technology spares and quality raw materials like stainless steel, iron and steel in the production to add durability as well as performance. The array of products, offered by us, is designed using modern techniques to ensure maximum efficiency, output and performance. Our products such as Stainless Steel Centrifugal Pump, etc. are designed using high end control panel that provides complete control of the machines to the user.

Our Team

We are assisted by a talented team of experienced professionals, which has attained mastery in the domain of Plate Heat Exchangers, Cup Filling Machines, S.S. Centrifugal Pumps, S.S. Tanks, Beverage Machinery, Dairy Machinery, Pharma Machinery and so on. Our team of professionals is well-versed with all the machines operating and business handling activities that ensure the development of the best in bulk within the stipulated time frame.

Our Products

Cup Filling Machine

Water Cup Filling Machine

Ice Cream Filling Machine

**Triple Head Automatic
Cup Filling Machine**

Matka Filling Machine

**Automatic Ice Cream Cup
Filling Machine**

Chach Filling Machine

Lassi Cup Filling Machine

Juice Cup Filling Machine

Automatic Cone Filling Machine

Drum Filling Machine

Dahi Filling Machine

Yogurt Cup Filling Machine

Ice Cream Cup and Cone Filling Machine

Semi Automatic Cup Filling Machine

Automatic Cup Filling Machine

Single Head Cup Filling Machine

Manual Cup Filling Machine
